

VP-WHR90B TECHNICAL DATA*

Type	Cooker hood		
Material	Black stainless steel		
Installation-width in cm	90		
Island installation	×		
Touch control	Touch on SS panel		
Recirculation	✓		
Annual energy consumption (AEC _{hood})	27.8kW/h		
Energy efficiency category	A++		
Fluid dynamical efficiency (FDE _{hood})	39.4		
Fluid dynamical efficiency category	A		
Lighting efficiency (LE _{hood})	24.8 lux/W		
Lighting efficiency category	B		
Grease separation	71.9 %		
Grease separation category	D		
Air flow **	312.1m ³ /h	602.5 m ³ /h	
Maximum air flow Qmax	649.9 m ³ /h		
Air flow at boost setting	721.4m ³ /h		
A-rated noise emission **	52 dB	66 dB	
Power consumption off (P _o)	-		
Power consumption standby (P _s)	0.43W		
Power consumption lighting system (W _l)	4.0 W		
Connected load	124W		
Illuminant	✓ / LED		
Power consumption per illuminant unit	1*4 W		
Voltage / frequency	220 - 240 V AC / 50-60 Hz		
Height adjustment in cm	50-100		
Grease filter / material / dishwasher-proof	aluminium	3	✓
Carbon filter ***	2*CF02 / optional		
Installation material	✓		
Instruction manual	✓
